SP1-92  
April 21, 2000

Subj: COAST GUARD SPECIAL PERMIT 1-92

Dear Mr. Wieliczekiewicz:

In response to your letter of March 7, 2000, we have renewed Special Permit 1-92 which authorizes *American Commercial Barge Line, LLC* to transport bulk shipments of Direct Reduced Iron (DRI) pellets, lumps, and cold molded briquettes by cargo vessel and unmanned covered barge. As per your request, we have modified the permit to list *American Commercial Barge Line, LLC* as the authorized holder of the permit and removed the names of the various shippers previously listed since it is not necessary to identify them specifically. This will allow greater flexibility of services for you while retaining all relevant provisions that apply to either ACBL or any shipper utilizing this permit.

The enclosed permit is issued for a four year term and will expire on April 30, 2004.

If you have any further questions regarding this matter, please contact Mr. Brian Robinson of this office at (202) 267-0018.

Sincerely,

R. F. CORBIN  
Commander, U.S. Coast Guard  
Chief, Hazardous Materials Standards Division  
By direction of the Commandant

Encl: (1) Special Permit1-92
